INDEX OF VOLUME FOUR, 1966

The papers which appeared in Volume 4 are listed below in order of publication from the January issue through the October issue. Authors' names and page numbers are provided.

NUMBER 1, JANUARY

Influence of Forest Cover on Snowpack and Ground-Water Recharge
D. H. Urie, pp. 5-9

Removal of ABS and Other Sewage Components by Infiltration Through Soils
H. G. Page and C. H. Wayman, pp. 10-17

"Iron Water" from Wells: Causes and Prevention
M. E. Broom, pp. 18-21

Estimating Water Quality, West Bengal, India
K. N. Chatterjee, p. 21

Waste Injection into a Deep Limestone in Northwestern Florida
J. T. Barraclough, pp. 22-24

The Design and Use of Hydrogeologic Maps
J. C. Warman and D. R. Wiesnet, pp. 25-26

Technical Division NWWA Directory 1964, Membership List
V. H. Scott, pp. 27-37

NUMBER 2, APRIL

Research under P. L. 88-379 in Quality Aspects of Water
R. E. Oltman, pp. 5-10

Maximum Yields from Minimum Aquifers
J. L. Mogg, pp. 11-12

Atomic Tools in Developing Water
A. M. Piper, pp. 13-15

The Design and Construction of Hele-Shaw Models
Nathan Columbus, pp. 16-22

Packer Testing in Water Wells Near Sarasota, Florida
H. Sutcliffe, Jr. and B. F. Joyner, pp. 23-27

A Hydrogeologist Looks at the 1965 Colorado Ground-Water Law
J. A. McConaghy, pp. 28-31

Quicksand and Water Wells
P. F. Patchick, pp. 32-46

Some Technical Aspects of Ground-Water Administration
C. E. Nuzman, pp. 47-50

NUMBER 3, JULY

The Status of Ground-Water Development in the Republic of Korea
J. T. Callahan, pp. 6-12

Recharge Distribution Determined by Analog Model
W. G. Matlock, pp. 13-16

California's Stake in the Colorado River
D. E. Cole, pp. 17-23

An Analysis of Ground-Water Fluctuations Caused by Ocean Tides in Glynn County, Georgia
D. O. Gregg, pp. 24-32

Determining Transmissibility from Cyclic Discharge
N. Thomas Sheahan, pp. 33-34

Digital Computer Methods for Water-Quality Data
C. O. Morgan, R. J. Dingman and J. M. McNellis, pp. 35-42

Use of Type Curves Developed from Electric Analog Studies of Unconfined Flow to Determine the Vertical Permeability of an Aquifer at Piketon, Ohio
S. E. Norris and R. E. Fidler, pp. 43-48

Supplementing Sample Logs
V. B. Carter, pp. 49-51

NUMBER 4, OCTOBER

Frequency Distribution of Dissolved Solids in Ground Water
G. H. Davis, pp. 5-12

Use of Analog Model to Predict Streamflow Depletion, Big and Little Blue River Basin, Nebraska
P. A. Emery, pp. 13-19

The Ground-Water Consultant Looks to the Driller
M. L. Klug, pp. 20-22

Hydrologic Significance of Tectonic Fractures Detectable on Airphotos
José Setzer, pp. 23-27

Activities of the Hydrogeologic Map Committee of the International Association of Scientific Hydrology
P. E. LaMoreaux, pp. 28-32

New Graduate Program in Hydrogeology at the University of Minnesota
D. L. Graf, pp. 33-35

Hydrogeologic Aspects of the International Hydrological Decade
W. C. Walton, pp. 36-47

INDEX OF VOLUME FOUR, 1966

The papers which appeared in Volume 4 are listed below in order of publication from the January issue through the October issue. Authors' names and page numbers are provided.
